

Trio Forest Products. Inc. would like to offer the option of faxing or emailing invoices to our customers.

This being more efficient, we would prefer sending invoices electronically. Should you wish to receive invoices electronically, indicate your preference and e-mail address or fax number below. Please keep in mind that our terms of sale are based on after date of invoice (ADI). Should you decide to receive invoices by email please note that if the email is left unattended you will not receive other copies of invoices.
